

SEE YOU AT

SCANPACK 2024.

THE PACKAGING EVENT FOR A NEW ERA.

**SCAN
PACK**

22-25 OCT. 2024

**THE SWEDISH EXHIBITION AND
CONGRESS CENTRE, GÖTEBORG**

Since 1964, Scanpack has been the leading exhibition and meeting place for the Scandinavian packaging industry. By bringing together domestic and international buyers and suppliers Scanpack creates a beehive buzzing with opportunities for cross-pollination and the blooming of new ideas.

With 400 exhibiting companies and almost 13 000 attendees Scanpack packs the brightest and most knowledgeable minds of packaging, resulting in a unique meeting space with the entire value chain present. When you come here, make sure not to miss Scanpack Pioneers – the zone and stage where startups, global brands, and university researchers meet to share visionary ideas and new solutions.

In the common strive towards a sustainable future – the packaging industry has an important part to play. Both when it comes to protection of goods and to reducing the environmental footprint of packaging. The urgency in itself is a call for better solutions, new ideas and new collaboration – which is why arenas like Scanpack are vital for positive change!
